Description

Bio Cleaner Organic is a biotechnological, high-quality cleaner and degreaser for floors. This cleaner is biodegradable and removes quickly caked-on oils, greases and other dirt. Reduces the risk of slipping, even when it is wet.

technology

The technology used is based on the combination of easily biological biodegradable surfactants, active fermentation extracts and micro-organisms. The precisely matched ingredients ensure exceptional cleaning results and completely eliminate the use of acids and bases. bee*pure® biological cleaners are pH neutral. The fermentation extracts work on the impurities and dissolve them. The micro-organisms ensure deep cleaning of hard to reach places and removing at the same time unpleasant odors. The bee*pure®

The technology provides a non-slip layer and removes dirt and oil deposits on porous surfaces.

Components

5 – 15% non-ionic surfactants, < 5% amphoteric surfactants, enzymes, bacterial cultures, dyes, perfume, preservatives.

For more information, please refer to the technical data sheet. Enter

Dispose of residual materials in an environmentally friendly manner at recycling companies.

EUH208 - Contains a mixture of: 5-CHLOR-2METHYL-2H-ISOTHIAZOL-3-ONE and 2-METHYL-2H-ISOTHIAZOLE-3-ONE (3:1). May cause allergic reactions.

dosage

1:100. Dilute with cold water.

The hardness of the water can influence the required dosage.

For professional use only.

domain

Bio Cleaner Organic is ideal for kitchen floors. Quickly and thoroughly removes oil, grease and other contaminants from floor coverings and leaves a biofilm that makes the floor much more slip-resistant. Not for unsealed wooden floors.

Instructions for use

Floor cleaning:

1. Pre-clean thoroughly.
2. Distribute the cleaning solution and work it in if necessary for heavy soiling mechanically with a brush.
3. Remove excess dirt with a rubber squeegee or mop.
4. Rinse with clean water if necessary.

Surface cleaning:

1. First rinse the surfaces with water.
2. Distribute the cleaning solution and foam it up with a brush if necessary.
3. Rinse with clean water if necessary.

Cleaning instructions

- Follow our dosage recommendations as this will save costs and protects the environment.
- Do not mix the Bio Cleaner Organic with other cleaning agents.
- Always clean from top to bottom or from top to bottom. from the cleanest to the dirtiest area.
- Do not use the cleaner on natural floors and unsealed wooden floors (there a gray haze may appear).
- Leave the bee*pure® dosing system setting at exclusively for our service employees.

Contains micro-organisms. Do not spray. Do not use on surfaces in contact with come with food.
