## Description

The bee\*pure® hand dishwashing liquid concentrate is an ecological dishwashing liquid for manual use.

## Technology

The technology used is based on the combination of wetting agents and surfactants. The precisely matched ingredients provide exceptional cleaning results with low water toxicity. The bee\*pure® hand dishwashing liquid concentrate meets the applicable requirements according to the European standard for aerobic and anaerobic biodegradability and is the best solution to reduce environmental impact on water bodies when washing dishes reduce.

## components

Sodium laureth sulphate, salt, colouring, perfume, preservative. For more information, please refer to the technical data sheet. Enter residual materials

environmentally friendly manner at recycling companies. EUH208 - Contains mixture of: 5-CHLOR-2METHYL-2H-ISOTHIAZOL-3-ONE and 2-METHYL-2H-ISOTHIAZOL-3-

ON (3:1). May cause allergic reactions.

## dosage

1:800, 12 ml/9.6 liter, 3 pumps of 4 ml each.

For professional use only.

## domain

Especially suitable for cleaning crockery, glasses, cutlery and other kitchenware. Hand dishwashing liquid concentrate cleans easily, quickly and thoroughly.

## instructions for use

1. Add the cleaner to the sink before filling it with water.
2. Place pots, pans, bowls and glasses in the cleaning bath and let them soak briefly to soften.
3. Clean with a cloth, brush or scouring pad.
4. Rinse thoroughly with clean water.
5. Let dry.

## cleaning instructions

- Follow our dosage recommendations as this will save costs and protects the environment.
- Do not mix the hand dishwashing detergent concentrate with other cleaning agents.
