

ORGANIC CLEANER

# LIME, PROTEIN, CARBOHYDRATES

## DOMAIN

## APPLICATION MODE

## CERTIFICATION

## DOSAGE

pH value approx. 3.5

floor cleaner

daily use

Content: 100 ml 1:100 (1%)

surface cleaner daily use

Contents: 16.7 ml/1 liter 1:50 (1.5%)

deep cleaning

33.3 ml/1 liter | 1:30 (3%)

## Description

Organic cleaner Lime, Protein, Carbohydrates cleans surfaces and removes lime, protein, starch and soap residues, as well as urine scale and eliminates unpleasant odors (**HACCP compliant**).

## technology

The technology used is based on the combination of easily biological degradable surfactants and extracts obtained by lactate fermentation. The precisely matched ingredients ensure extraordinary cleaning and descaling results, without using strong acids or alkaline products. Fermentation extracts support the release of calcium and magnesium ions, which are responsible for mineral deposits.

## components

<5% non-ionic surfactants, preservatives. EUH208 - Contains mixture of: 2-CHLOR-2-METHYL-2HISOTHIAZOLE-3-ONE and 2-

METHYL-2H-ISOTHIAZOL-3-ONE (3:1). May cause allergic reactions.

## dosage

1:30 - 1:100. Dilute with cold water.

The hardness of the water can influence the required dosage.

**For professional use only.**

## domain

Bio Cleaner Lime, Protein, Carbohydrates is ideal for the mild cleaning of floors, tiles, toilets, urinals, bathtubs, showers, fittings and stainless steel surfaces.

## instructions for use

Floor cleaning:

1. Pre-clean thoroughly.
2. Distribute the cleaning solution.
3. Clean and scrub if necessary.
4. If necessary, remove excess cleaning solution and rinse.

Surface cleaning:

1. Distribute the cleaning solution.
2. Clean with a brush or sponge.
3. Remove excess cleaning solution and rinse.

## cleaning instructions

- Follow our dosage recommendations as this will save costs and protects the environment.
- Do not mix the Bio Cleaner Lime, Protein, Carbohydrates with other cleaners.
- Always clean from top to bottom or from top to bottom. from the cleanest to the dirtiest area.
- Leave the bee\*pure® dosing system setting as it is exclusively for our service employees.

**DANGER!** Do not use on marble, limestone or other acid-sensitive surfaces!
